

Year 7

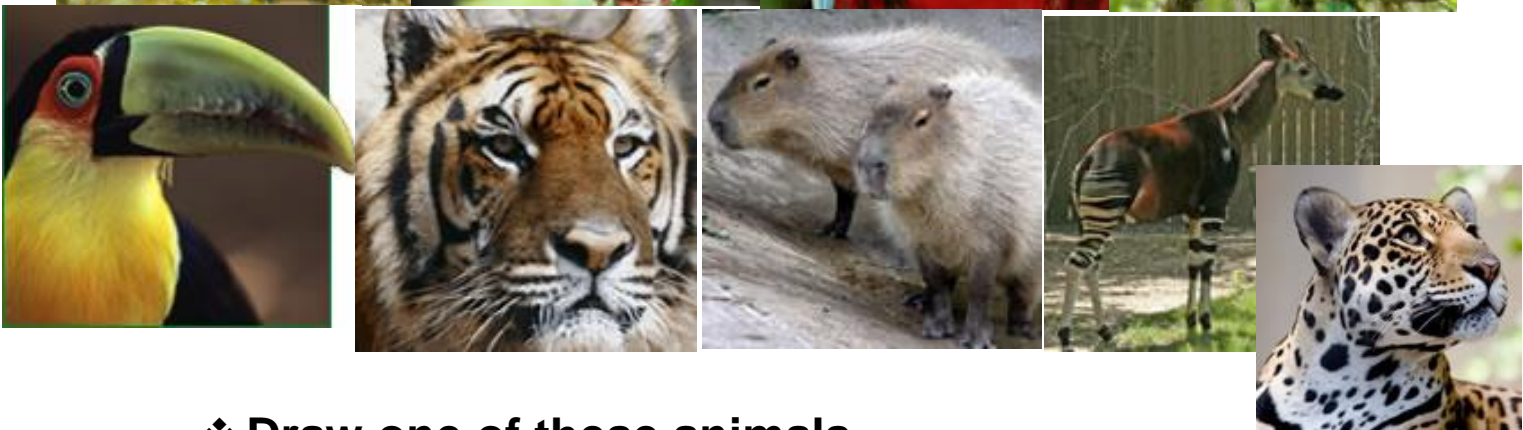

Art

**Work to try
at home**

Using any drawing materials', you can find, have a go at the following;

- ❖ Draw the view out of your window.
- ❖ Draw a tree or a flower from your garden.

Add tone and colour to your drawings.

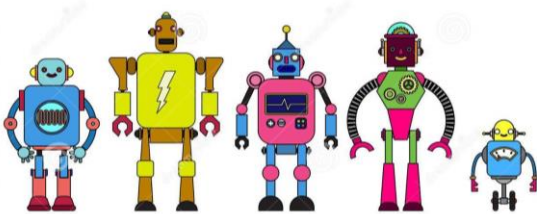

- ❖ Draw one of these animals.
- ❖ Combine two of the animals to make your own mythical creature – will it have fur, or feathers or skin? What colour/pattern will it have?
Will it be friendly or dangerous? Give it a name.

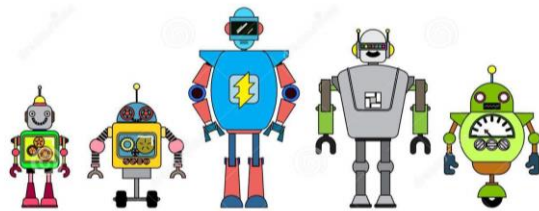

What is your favourite book?

- ❖ **Draw a scene or character from your favourite book.**
 - ❖ **Write your own short story and illustrate it.**
-

❖ **Design your own robot.**

What would you use it for?

Give it a name and describe what materials you would make it out of. Would it have special powers?

❖ **Invent a game your robot could star in?**

Pattern

❖ **Divide your page into 6 sections and draw a different pattern in each one. Fill each pattern with colour.**

And if you complete all that..... try these 😊
