

# TIBSHELF COMMUNITY SCHOOL ACCESSIBILITY PLAN

Ratified: Feb 25  
(DCC Policy)

## Accessibility Plan

### Introduction

Tibshelf Community School is committed to providing a full, inclusive curriculum for all students and for all students to feel valued. We want all our students to achieve their full potential academically, emotionally, physically, and spiritually.

The Governing Body recognises its responsibility under the Equality Act 2010. As part of the Equality Act, a combined public authority duty was introduced from April 2011 which covers protected characteristics. These include:

- Age
- Disability
- Gender Reassignment
- Marriage and Civil Partnerships
- Pregnancy and Maternity
- Race
- Religion and Belief
- Sex and Sexual Orientation

### Definition of Disability

Disability is defined by the Disability Discrimination Act 1995 as:

*“A person has a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day to day activities”.*

### Key Objective

To reduce and eliminate barriers to accessing to the full curriculum and to fully participation in the school community for pupils and perspective pupils with a disability.

### Principles

Compliance with the DDA is consistent with the school's aims and equal opportunities policy and the operation of the school's SEN policy. The school recognises its duty under the DDA as amended by the SENDA

- Not to discriminate against disabled pupils in their admissions and exclusions and provision of education and associated services
- Not to treat disabled pupils less favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- To publish an Accessibility Plan
- In performing their duties governors and staff will have regard to the Disability Rights Commissions Code of Practice.

The school recognises and values parents' knowledge of their child's disability and its effect on their ability to carry out normal activities and respects the parents and child's right to confidentiality. The school provides all pupils with a broad and balanced curriculum, differentiated, and adapted to meet the needs of individual pupils and their preferred learning styles, and endorses the key principles in the National Curriculum 2000 framework which underpin the development of a more inclusive curriculum:

- Setting suitable learning challenges
  - Responding to pupils' diverse learning needs
  - Overcoming potential barriers to learning and assessment for individuals and groups of pupils
- 

## Accessibility Plan Elements

The plan has three interlinked elements:

Increasing the extent to which disabled students can participate in the school curriculum by:

- Providing for all students a curriculum which is appropriate to their needs.
- Ensuring that the curriculum is taught in such a way that all students, regardless of any disability may benefit fully from it.

Improving the environment of the school to increase the extent to which disabled students can take advantage of education and associated services by:

- Ensuring that all the school buildings and grounds are fully accessible to students with mobility, sensory and other disabilities (impairments).
- Providing appropriate educational equipment and physical aids to ensure that the curriculum can be accessed fully by all students.

Improving the provision of information in a range of formats for disabled students by:

- Providing for students and their parents/carers information about the school and its curriculum in a format that takes account of any disabilities.

It is a requirement that the school's accessibility plan is resourced, implemented, and revised as necessary or annually.

Attached is a set of action points showing how the school will address our priorities.

### Section 3 How does our school deliver materials in other formats

Do we provide information in simple language symbols large print etc for those who may have difficulties – key SEN students who require additional visual aids have large print available, magnifiers and exam access arrangements in larger print. Visual timetables produced for key students, colour coding of areas of school to support movement around school. Need to flag up parents on progresso who have disability that would impact information access e.g., deaf and blind (currently use text services for deaf parents).	We do some of this, but not all and not all the time, only for key individuals whom we're aware of through working with the families. We don't collect parental disability information & there isn't a default facility for recording this in Arbor	X
Do we ensure that information is presented to groups in a way which is user friendly for people with disabilities i.e. reading out loud, overhead projectors etc	X	
Do we ensure that staff are familiar with technology and practices developed to assist people with disabilities	X
