Purpose of the policy

This policy confirms that Tibshelf Community School reserves the right to exercise discretion whether to allow food and drink in the examination room, and confirms:

- the correct procedures are followed regarding food and drink in the examination room
- appropriate arrangements are in place for the management of food and drink in the examination room

1. Food and drink in the examination room

- Food and drink is allowed in the examination room at the discretion of the head of centre (ICE 18.2)

To enable invigilators to check these items quickly and efficiently:

- food brought into the examination room by the candidate must be free of packaging and in a transparent container
- drink bottles must be transparent with all labels removed which would include transparent, reusable plastic bottles (ICE 18.2)

The following arrangements are applied at Tibshelf Community School:

- Only water is allowed in examinations due to the risk of script spoilage from sugary drinks
- Only food required for medical purposes is allowed, e.g., diabetic requirements and this must be pre-arranged with the exams officer, and presented to the invigilators or EO prior to the exam for inspection.

Additional centre-specific arrangements:
